

Teacher	Course	ECTS	Starting
Guido Goldoni	Electronic properties of solids	3	May 2011
Filippo Troiani	Quantum Optics	3	May 2011
Ciro Cecconi	Molecular biophysics of proteins and RNA: basic principles and single molecule studies	3	April 2011
Sergio D'Addato	Physics of Semiconductors	3	June 2011
Paolo Facci	Nanostructures of biological origin	6	October 2011
Stefano Frabboni	Imaging Methods in Nano-and Physical Sciences – Electron microscopy	3	November 2011
Andrea Alessandrini	Imaging Methods in Nano-and Physical Sciences – Scanning probe microscopy	3	November 2011
Carlo Jacoboni	Non equilibrium Green Functions	3	October 2011
Andrea Bertoni	Quantum transport in mesoscopic systems	3	November 2011
Massimo Rontani	Advanced Solid State Physics	4	4 April 11:00 6 April 15.00. 8 April 10.00. 11 April 15.00 13 April 15.00 15 April 10.00 18 April 15.00 20 April 15.00
Stefano Ossicini	Conduct and misconduct in science	6	October 2011

+ Some Courses from the Laurea in Physics
