

Lecturer	Course	ECTS	Schedule
Filippo Troiani	Quantum Optics	3	April 2013
Paolo Zanardi	Quantum information and foundations of statistical mechanics: statics and dynamics	3	June 2013
Andrea Alessandrini	Scanning spectroscopies	6	October- December 2013
Paolo Ferriani	Magnetism in low-dimensional nanostructures"	3	October 2013
Stefano Ossicini	Conduct and misconduct in Sciences	6	November 2013
Massimo Rontani	Advanced Solid State Physics	3	October-November 2013
Olindo Corradini	Feynman path integrals: theory and applications in Quantum Mechanics, Statistical Mechanics and Quantum Field Theory	3	December 2013 – January 2014

+ Some Courses from the Laurea in Physics

Teacher	Course	ECTS	Starting
Carlo Calandra	Fisica della Materia Condensata (2 nd part - LM)	12	March
Anna Franchini	Fisica dello stato solido (LT)	12	March
Marco Affronte	Magnetismo e spintronica (LM)	12	October
Franca Manghi	Theory of quantum many body systems (LM)	12	March
